

RATP Dev USA Renews Mountain Mobility, Buncombe County, NC's Community Transportation Program

Fort Worth, TX (July 17, 2020) – Today, [RATP Dev USA](https://www.ratpdevusa.com), a national leader in public transit, announces the renewal of [Mountain Mobility](#), Buncombe County's Community Transportation Program. RATP Dev USA has held this contract for the past nine years. The new agreement will have an initial term of three (3) years, with the option to renew for up to a total of two (2) additional three-year terms and officially commenced on July 1, 2020.

Mountain Mobility provides ADA Complementary Paratransit Services for the City of Asheville's ART system, which is also contracted to RATP Dev USA. In addition, Mountain Mobility provides deviated fixed-route public transit routes open to the public (Trailblazer Routes) and referral services to individuals who may need or desire other mobility options, including other local and regional public transportation services.

"We are ecstatic that the client trusts us with another nine-year contract with Mountain Mobility," said RATP Dev USA General Manager, Elaina Carter. "We began with this company, obtaining the contract originally in 2011, and have helped the secure full benefits, including vacation and sick time, and 401K. We are excited to continue to grow with Mountain Mobility, to our fullest potential."

About RATP Dev USA

Founded in 2002, RATP Dev operates and maintains urban transportation systems in 12 countries on four continents (United Kingdom, France, Italy, Switzerland, Algeria, Morocco, South Africa, Saudi Arabia, Qatar, China, the Philippines, and the United States of America). With more than 1.5 billion passengers traveling on its networks every year, RATP Dev demonstrates every day its extensive and renowned expertise in a wide range of mobility services, ranging from rail, regional express rail, tramway, to bus, cable car, and sightseeing activities. RATP Dev leverages in France, outside of Paris, and across international markets, the technical expertise and experience of RATP Group, the leader in driverless and tramway operations and operator of the Paris network, one of the largest public transportation networks in the world. In North America, RATP Dev USA transports passengers in over 35 operations across 15 states.
