

RATP Dev USA Renews Contract with the City of Tucson

Fort Worth, Texas (May 9, 2019) – [RATP Dev USA](#), a national leader in public transit, announced it has renewed their contract with the [City of Tucson](#) to continue providing transit management services for the [Sun Tran Fixed Route Bus](#), [Sun Van ADA Paratransit](#), and [Sun Link Streetcar](#) systems. RATP Dev USA has been the provider of transit management services for the City of Tucson since 2013.

The City of Tucson selected RATP Dev USA to continue the partnership through a national competitive process that awarded the contract based on best qualified and value procurement. The new contract will cover an initial period of five years with additional three- and two-year options. Under the terms of the contract, RATP Dev USA will provide complete management of the consolidated City of Tucson system.

“We are excited to continue our partnership with the City of Tucson. RATP Dev USA shares their vision of providing a safe, efficient, and seamless transportation experience to all riders, and we will continue to support the City in the development and expansion of transit services for Tucson. I look forward to the next five plus years of growth and continued best in class service,” said Steve Spade, General Manager.

Samuel Credio, P.E., Deputy Director of Transportation for the City of Tucson said, “The City of Tucson is proud to renew our partnership with RATP Dev USA. We look forward to the continued excellent service that RATP Dev USA has provided the City of Tucson since 2013. RATP Dev USA embraces the vision of the City of Tucson to provide outstanding, seamless transit services to every rider.”

“RATP Dev USA and the City of Tucson have accomplished great things together, including the startup and success of the Sun Link Streetcar,” noted Blaine Rigler, President and CEO of RATP Dev USA, “We are thrilled to continue this great work and take the City of Tucson transit system into the future through innovative transit solutions.”

About RATP Dev

Founded in 2002, RATP Dev operates and maintains urban transportation systems in 14 countries on four continents (United Kingdom, France, Italy, Switzerland, Algeria, Morocco, South Africa, Saudi Arabia, Qatar, India, China, South Korea, the Philippines, and the United States of America). With more than 1.5 billion passengers travelling on its networks every year, RATP Dev demonstrates every day its extensive and renowned expertise in a wide range of mobility services, ranging from rail, regional express rail, tramway, to bus, cable car and sightseeing activities. RATP Dev leverages in France, outside of Paris, and across international markets the technical expertise and experience of RATP Group, the leader in driverless and tramway operations and operator of the Paris network, one of the largest public transportation networks in the world. In North America RATP Dev employs over 6,000 team members transporting more than 78 million passengers in over 30 locations across the US, operating a wide range of services.
